IN THE KING COUNTY DISTRICT COURT- SEATTLE COURTHOUSE
STATE OF WASHINGTON

TIFFANY KO, **Petitioner,** **VS.** CHRISTOPHER LEE, **Respondent.**	**No.** 205-00744 **STRICT REPLY OF TIFFANY KO**

I, TIFFANY KO, declare the following:

I am genuinely shocked that Mr. Christopher Lee is willing to perjure himself by claiming we never had sex in 2013, did not exchange text messages, phone calls, and did not see each other in person in 2017. I have highlighted additional pieces of evidence that prove Mr. Lee was the person who harassed me in 2017 through text messages, phone calls, voicemails, an in-person meetup, and continues to stalk and harass me till this day.

Voicemails

Mr. Lee left me a series of voicemails after we stopped exchanging text messages in 2017. I have these voicemails saved in my computer and can provide them to the court. The

voicemails not only directly contradict his statement that we did not have any contact since 2013, but also show that the text messages were real and sent by him.

In the first file, he repeats the same vow that he had repeatedly sent me through text. In the second file, he brings up our meetup in San Francisco around Palace Hotel, which we discussed over text messages on March 28, 2017. See Exhibit A. He also uses the exact same language and content he used in his text messages, such as "I won't let you get away with it", "You are secretly afraid of revenge", "You fucking piece of shit", "other men that you fuck with", "You will atone for what you did", "...what you did to Jonathan, you turned him into a killer...lockdown", "My grudge will follow you until you fucking die."

It is clear that Mr. Lee was the same person who left the voicemails and sent the text messages. The only way he could deny this is if he claims that I magically recreated his voice.

> 0:00-3:48 "I vow to you, every day, from this point on, for the rest of my life, I will pray for God to bring you, Tiffany Ko, misfortune and disaster. You, Tiffany Ko, will never be successful, or happy in your life with your current boyfriend, and future boyfriends, and you will never be married. If you are married you will be unhappily married. You, Tiffany Ko, will be cursed by me every day, every moment, until I die. Every day I will pray for you to have nightmares where I will haunt you and you must repeat and face what you did to me, done back to you, several thousand times like you made me suffer in my head. If I die early I will go to you and you, Tiffany Ko, will see my hollow eyes stare at you every day, waiting for you to atone for your sins. You will never sleep a peaceful wink because my grudges will follow you to the end."

> 3:48:4:50 "I curse you, I curse you! I curse you will never be happy. You will be miserable for the rest of your life. I will never, ever let it go. Never let it go. I curse you so much."

> 0:40-1:15 "My friends know about you now. A lot of people are going to know about you and everything that you've done, friends, family. I won't let you get away with it. I would never let you get away with what you've done to me. And you made me go through so much emotional pain and trauma over the years and just made it worse. And now you're neglecting me and ignoring me."

1:40-1:50 “Your attitude is disgusting. It’s disgusting, Tiffany, you are sick in the head. And your behavior makes other people sick, makes other people miserable.”

2:02-2:10 “You’re secretly afraid of retribution. You are secretly afraid of revenge, cause you hurt too many people, betrayed too many people.”

5:10-5:17 “It’s what you do to people. You fucking piece of shit. You are a piece of shit. All my friends know about you.”

6:12-6:30 “When you met with me in San Francisco. Like I know you went into Palace Hotel. You got in there because you were scared. Like you want to be in this place. You never trust me. Like you just lie. Everything you said to me was a fucking lie, about trusting.”

6:50-7:00 “I’ll be emotionally unstable and dangerous. Look at what you do. Nothing. You just leave someone to do this to themselves.”

8:13-8:39 “You can try to keep the other men that you fuck with a secret. You had sex with. And left them to die… guys one after the other. You can try to keep this a secret, but one day you’ll be exposed. Justice will find you. You will atone for what you did.”

9:34-10:09 “This is someone who’s barely able to function. And you press them down even more. It is obvious that this is what you did to Jonathan. And that’s why you turned him into a killer. You are the only fucking person. We all know about the lockdown now, fucking turned him into a fucking killer, wanted to stab someone. You’re the only fucking girl who I had a relationship that had fucking unstable ass boyfriends, cause you’re the one who didn’t resolve them properly, and now I know what it’s like, for you to just suck the life joy out of someone, by the way you treat them.”

10:31-10:38 “And it’s going to come back and bite you, over and over again. I guarantee it. That will make you atone.”

12:33-13:05 “We’re enemies, and you will regret what you did to me. My grudge will follow you until you fucking die. You remember that. You will fail for the rest of your life. Everything you do. You will not be successful in any relationship. For what you did, for your sexual abuse towards me. Don’t think you can get away with it. Goodbye, Tiffany.”

13:13-14:08 “Please contact me back, ok? Please. Please contact me back, Tiffany? I really need to know that we’re going to be ok. Please I’m very weak right now. Please contact me back. I’m very weak right now, I need your support, please contact me back. I’m begging you, please do not do this to me. Don’t do this to me Tiffany.”

Text messages

On March 27, 2017, I received text messages from 510-565-8117 with a screenshot of a Facebook Messenger chat that he claims is from he and his friend’s chat history. This chat shows

a picture of me and Chris and his friend saying "you look like a little kid, looks like you really like her!" This shows that Chris was the one who sent this photo on the chat, took this screenshot, and sent it to me via text through 510-565-8117. See Exhibit B.

Mr. Lee claims that the text messages I attached in my exhibits were made up because they don't look real, are cut off, there is some unknown email associated with the phone number, and multiple text messages have the same timestamp. I used a phone application called SMS Backup+ to backup and save the text messages from my phone to my email account on May 4, 2017 because I had planned to purchase a new phone soon and did not want to lose the text messages. See Exhibit C. He was verbally abusive and threatened me with various phrases in the text messages such as "I will get you, Tiffany", "I will make sure you pay for what you did", "you will pay dearly for what you did to me", so I wanted to save these as evidence. The text messages are cut off because they are screenshots of email threads in my email account, but if I click on them, they will expand to display the whole message. They have an email address such as "+15105658117@unknown.email" as the sender because that is how the phone application saves the text into an email format. This can easily be reproduced by using the SMS Backup+ application to backup any text message on any phone. Multiple text messages have the same or close timestamps because I would turn my phone off to avoid being spammed by Chris. When I turn my phone back on, multiple messages would all come in at the same time. This can also easily be reproduced with any phone. There are approximately 1000 text messages in total, and it is not practical to screenshot them individually, so I did not include everything in my declaration. However, I will happily provide all the text messages in full if necessary.

Conclusion

Given that Mr. Lee is willing to blatantly lie under the penalty of perjury about having contact with me, who knows what else he will lie about. This instantly discredits his declaration in its entirety. He clearly shows no remorse for his actions. He has continued to cyberstalk me, harass me, and most recently, disclose intimate photographs of me on the internet, and sent them directly to my home address, to my coworkers, my neighbors, my friends, and even my parents. I am very concerned for my family and my own safety because he knows our addresses.

I am asking that the court grant me a permanent anti-harassment protection order against Mr. Lee. He is clearly willing to perjure himself, and he will continue to harass me in the future. I have grave concerns about Mr. Lee's mental health, and I believe he needs to seek professional help because I am worried he will do something to hurt himself or someone else including me and my family. As such, I believe Mr. Lee should also be prevented from possessing a firearm because he is a danger to himself and to the society.

I declare under penalty of perjury under the laws of the United States and State of Washington that the foregoing is true and correct.
